

Defender of the Realm

Mark Huckerby & Nick Ostler

Defender of the Realm is a marvellous book built on brilliant adventures. My eyes and mind have been glued to each and every page from the first word to the last. The book starts with a weak prince, but ends with a mighty king! It is a thrilling book that makes you sit on the edge of your seat with excitement.

Enchanted, the more I read, the more the book drew me in. Every time I read Defender of the Realm I didn't want to put it down; every chapter I read made me want to read more. It is probably one of my favourite books from all of the ones I have ever read. The reason for this is because I love stories full of exciting adventures where it's just you and the book. I love the feeling when you are lost in your own world, where it's just you and the book. Defender of the Realm always gave me that feeling whenever I picked it up off the bookshelf and started to read it.

I've loved the book from start to finish! It's been brilliant all the way through. Everything about this book made me love it, especially the characters. My ultimate favourite character has to be Haley. This is because she's very helpful – especially in The Keep, and whenever something goes wrong, or something bad happens she always lightens the mood.

I cannot wait until Mark Huckerby and Nick Ostler produce their next book (Defender of the Realm: Dark Age) and I will definitely buy it when it comes out on June 1st 2017. I hope it's as good as their first book.

I would give this book a 4 out of 5 star rating, mainly because I think if it had pictures then it would've been better because it would've given more description to the reader at certain points of the book.
